

Dear Hon. Lawrence Cannon:

My name is \_\_\_\_\_ and I am a citizen of \_\_\_\_\_.

I am writing to you today to ensure you are playing your role in our return to a nation controlled by and in benefit of its citizens. There is no doubt you either have direct knowledge, or have heard the rumblings of the coming change for quite some time. This letter is to serve as a reminder it is your duty to act in the best interests of your constituents.

That being the case, I respectfully request your assistance in a debilitating matter that has been allowed to, or forced to in many cases, drag on for years despite the fact numerous federal laws have been broken in several countries including Canada and most egregiously in the United States.

CMKM Diamonds, Inc., and especially its shareholders were manipulated by a corrupt stock market, used as a tool by several federal agencies including the SEC, DoJ and DoHS to 'sting' the perpetrators, 'paid off' by the perpetrators and then have those monies interminably held (four years and counting) by oceans of red tape, false promises and criminal behavior.

The 50,000 legitimate shareholders of CMKM Diamonds, Inc. stock have been advised the monies collected for their benefit are being held in a trust and the monies in this trust have been moved several times by various entities.

Shareholders were last informed the monies were being held in a Bank of America in Richmond, Va. and further that the CMKM 'paymaster' had been told on more than one occasion to appear at this bank for the release of funds, only to have an excuse given as to why they could not be released.

These funds were scheduled to be released in December of 2009, and accordingly an enormous amount of US Federal Taxes were paid to the US Treasury at that time. Because these funds have not been released as of June 7, 2010, several additional federal laws have been broken.

Please quickly apprise yourself of the situation and then use the full power of your offices to see that justice prevails in the case of CMKM Diamonds, Inc. Know that you are not alone in your actions. There are many in positions of power to assist your considerable

efforts.

I have attached several letters in support of our position.

Thanking you in advance.

Sincerely,
