Dear Honorable Members of Parliament:

I am one of many Canadian citizens who have invested in CMKM Diamonds, Inc., (CMKM), a mining exploration company that is currently being managed by a group in Tyler, Texas, United States, and that possesses mineral claims in the Fort A La Corne Region in Saskatchewan, Canada.

I respectfully request that the members of Parliament assist us Canadian citizens in coercing the Commissioners of the US Securities and Exchange Commission (SEC) to perform their mandated/fiduciary duties which are to oversee the securities markets, to enforce the federal securities laws, and to protect investors.

The SEC has not only failed miserably to perform said duties, it has actually become a perpetrator against the very investors whom by law it is mandated to protect as evidenced by the following:

According to Bivens Action, Civil Action No. 1000031, David Anderson, Lt. Col, et al, vs. Christopher Cox, et al, Complaint for Declaratory Judgment and for Damages for Violation of Civil Rights, January 4th, 2010, United States District Court, Central District of California, filed by A. Clifton Hodges, Esq., Hodges and Associates, (Bivens Action), the SEC knew that 225 trillion shares of CMKM stock were naked shorted and conducted a "sting" in concert with the US Department of Justice and Robert A. Maheu to trap the short sellers of CMKM stock who were, among other things, supporting foreign terrorists.

In the article, "CMKM Diamonds and the \$3.87 Trillion Lawsuit You Didn't Hear About," Al Hodges asserts that he has a witness who saw the naked short sellers transfer money to avoid indictments.

According to said Bivens Action, the SEC has lied repeatedly concerning when said collected monies would be released, thereby violating the rights of all CMKM shareholders, regardless of the country in which they live.

Therefore, I respectfully request that the members of Parliament confront the SEC and pressure them to release said collected monies to all CMKM shareholders.

I have enclosed corroborative evidence to support my request, including Al Hodges' correspondence with President Obama on May 27th, 2010.
